In addition, any open position(s) on the account when this revocation is received by ONE GLOBAL MARKET LIMITED may be closed at the current market price. This Revocation of Limited Power of Attorney does NOT necessarily terminate the undersigned's relationship with his/her referring broker.

Because the risk factor associated with trading in the foreign exchange market is high, only genuine "risk" funds should be used in such trading. If Account Holder does not have the extra capital the Account Holder can afford to lose, Account Holder should not trade in the foreign exchange market. Account Holder understands that using an electronic trading system to generate trades, exposes Account Holder to risks associated with the use of computers and data feed systems relied on by ONE GLOBAL MARKET LIMITED . The Account Holder agrees to accept such risks, which may include, but are not limited to, failure of hardware, software or communication lines or systems and/or inaccurate external data feeds provided by third-party vendors. No "safe" trading system has ever been devised, and no one can guarantee profits or freedom from loss. In fact no one can even guarantee to limit the extent of losses.
